Scenic? You BET!

Floridians and Visitors Alike Enjoyed New Year's Celebrations Across

OUR Great Scenic State

We tend to focus only on the threats to our state's tropical scenery and forget that this really is one of the most beautiful places in the world to live and to visit! So this New Year's Day, we decided we would take a pause on giving you the typical news that generally includes attempts to clutter our landscape.

We hope that everyone has a chance to look around the state this year and enjoy what is arguably one of the most scenic areas in the world!

Happy 2014 from Scenic Florida
